INTRODUCING PARK PLACE

THE ULTIMATE IN QUIET LUXURY

From its sculpted, curvy exterior to its exquisitely crafted interiors, Park Place offers elevated modern design and quiet luxury. Superior quality materials and craftsmanship married with artistic flare creates the ultimate living experience.

Architectural firm Hariri Pontarini has designed the two towers and their podium base to be eye-catchingly different from the norm for condos, sculpting each tower by using distinctive terra cotta 'fins' that create a stepped silhouette. Around the generous windows, fritted glass gradients create white stripe patterns, which are repeated in the tower podium façade in horizontal gradiated louvres.
